I'm really disappointed that you didn't get Song Leader. I really wanted to see you get in there. I voted for you and I know a lot of other people did too. I can't figure out what happened but I voted for you. Better luck next time. Have a neat summer and stay out of trouble. you only have one more year to go so better make it good while it lasts. "God pity them both; and pity us all
Who vainly the dreams of youth recall
For of all sad words of tongue or pen
The saddest are these: 'It might have been!'"

John Greenleaf Whittier

The years after graduation will be the most important ones of our lives. We must set our goals carefully and then strive to attain them. In order to make our youthful dreams become reality, we must work. Our quest to fulfill these dreams will be difficult, but not impossible.

Maturity and flexibility are the primary elements which will determine our success or failure. The world is ever-changing and, in order to succeed, we must have the maturity to face it without qualms and the flexibility to change with it. If we hesitate or become complacent, our dreams will shatter, and we will be heard vainly echoing regret that "It might have been!"

Chris -
I think last
year, and now it's
time to sign skips
and say what we
think of people.
It's not hard to
sum up what I
think of you. You're
just about the nicest
person I know.
Really, I would
have liked to see
more of you this
year and really
get to know you.
You're so quiet.
I know, though,
that the quietest
people usually have
the most interest-
ing things to find
out about, because
they think more! I'm
kind of nervous now
and I can't seem
to write, but there
is one very import-
ant thing I want
to say. Stay you.
And - Keep searching
in life. There are
so many things
that people don't know
about yet. Someday
they will - but keep
searching. I hope
you have a good
future and all of
